RON PAUL 2008

★ HOPE FOR AMERICA ★

CONGRESSMAN RON PAUL (TX) has been the leading Congressional opponent of the Iraq War since 1998. *Ron Paul will plan for the safe return of our troops home the day he gets in office.* Ron Paul is the leading advocate for freedom in our nation's capital. As a member of the U.S. House of Representatives, Dr. Paul tirelessly works for limited constitutional government, individual liberty, the Bill of Rights, low taxes, free markets, and a return to sound monetary policies. He is known among his Congressional colleagues and his constituents for his consistent voting record. Dr. Paul never votes for legislation unless the proposed measure is expressly authorized by the Constitution. In the words of former Treasury Secretary William Simon, Dr. Paul is the "one exception to the Gang of 535" on Capitol Hill.

"I want government out of your bedroom —and off your back!"

While serving in Congress during the late 1970s and early 1980s, Dr. Paul stood for pro-freedom ideals. During that time, Congressman Paul served on the House Banking committee, where he was a strong advocate for sound monetary policy and an outspoken critic of the Federal Reserve's inflationary measures. Dr. Paul consistently voted to lower or abolish federal taxes, spending and regulation, and used his House seat to actively promote the return of government to its proper constitutional levels. He is an unwavering advocate for individual rights and liberties. In 1984, he voluntarily relinquished his House seat and returned to his medical practice. He returned to Congress in 1996.
